RE: Roundabout at Broad and Country Club Road

Dear Resident:

The City of LaGrange has contracted with Piedmont Paving to construct a roundabout at the intersection of Broad Street and Country Club Road. A notice to proceed for the project was issued on July 19 and construction will start in the coming days. Under contract terms, the contractor has 60 days to complete the project.

As this intersection is heavily traveled throughout the day, a staging plan for development has been put together to ensure minimal inconvenience. A map detailing the staging plan is presented below. (Yellow -Phase 1, Green - Phase 2, Blue - Phase 3). We hope that there is understanding regarding the necessity of the project, and the realization that it will be temporary.

Should you have additional questions or need assistance, please contact David Brown, Public Services Director or Chris Prather, Street Superintendent.

Sincerely,

Meg B. Kelsey  
City Manager
